

CHARITY APPLICATION FORM

Please answer the questions on this form as comprehensively as possible as we will rely on this information when managing the Charity portfolio. A suitability assessment will be carried out prior to the account being opened and may be revised at any time given changes in the Charity circumstances or preferences. This form and the attached Terms of Business together constitute our agreement with the Charity and are hereafter referred to as "the Agreement". The Agreement is made between R.C. Brown Investment Management PLC (RCBIM) (registered office: 1 The Square, Temple Quay, Bristol BS1 6DG. Registered in England No. 2489639) and the organization represented in the declaration below.

How would you best describe the Charity as an investor:

Very experienced / Has some experience / Has little experience / Inexperienced

Which of the following has the Charity previously invested in:

Equities / Fixed Interest / Cash Deposits / Collective Schemes (e.g. OEICs)

Portfolio Composition

Please select one of the following:

☐ **Managed Fund portfolio** (minimum investment £15,000)
(Invested in a range of broadly diversified managed funds and cash)

☐ **Index Tracker portfolio** (minimum investment £15,000)
(Invested predominantly in a range of index tracking instruments)

☐ **Directly Invested portfolio** (minimum investment £250,000)
(Invested in a combination of equities, fixed interest securities, managed funds and cash)

Timescale

Equities and equity-based funds should generally be regarded as long term investments. If you know of any dates when the Charity will need to realise some or all of its investments, please give details below:

Investment Constraints

If the Charity has any specific investment constraints or instructions which it would like us to comply with when managing the portfolio please give details here (Note: it may not be possible to apply restrictions for Managed Fund portfolios, where the investments in the underlying funds are not determined by us):

Risk Profiling & Investment Strategy

Please consider the following list of investment models and select the one which most closely matches your objectives and attitude to risk:

| Risk Profile | Max Risk Assets % | Suggested Investment Strategy |
|-------------------------|-------------------|--|
| 7 High | 100 | Growth: This strategy is designed purely for capital growth and as such returns may be volatile especially in the short term |
| 6 Medium / High | 95 | Balanced Growth: This strategy prioritises capital growth over income and as such returns may be volatile especially in the short term |
| 5 Medium | 85 | Balanced: This strategy is designed to achieve a balance of income and capital growth over time |
| 4 Moderate | 75 | Cautious Balanced: This strategy is designed to generate an income which can grow modestly in real terms over time whilst retaining the potential for modest capital growth |
| 3 Moderate / Low | 60 | Cautious: This strategy is designed to produce a reasonably high level of income without unduly restricting the potential for capital growth |
| 2 Low / Moderate | 50 | Conservative: This strategy seeks to prioritise income over capital growth and as a consequence capital growth is likely to be modest over the longer term |
| 1 Low | 30 | Defensive: This strategy seeks to produce a modest long term real return, from a portfolio with relatively low volatility characteristics. |

Or

Manage the portfolio in accordance with the bespoke strategy outlined in my Investment Management Proposal

Real Assets are higher risk investments and may include UK and Overseas Equities, Property, Hedge Funds, Commodities and Private Equity where the risk of capital loss is potentially high.

Fixed Assets are lower risk investments and may include Government Bonds, Corporate Bonds, Preference Shares and Cash on Deposit where the risk of capital loss is low, but not impossible.

Please note that all of the above models contain equity-based investments which will fluctuate in value and you may not get back the amount originally invested.
